# Pottery Catalogue

pottery painting fun for  
kids big and small!

Are you looking for a new way to spend a couple of hours entertaining the children, being creative using some colourful paints in a simple and very rewarding pottery painting experience. If the answer is yes then Tots Pots may just be the thing for you.

### **How Does It Work**

#### **• Stage 1**

Select from the following pages what you would like to paint from a range of blank pottery pieces or let Tots Pots choose a selection of suitable pieces for you.

Everything you will need for your session (chosen pottery, paint, brushes, sponges and ceramic pencils) will then be delivered to your premises on your specified date. Full instructions will be given prior to the activity.

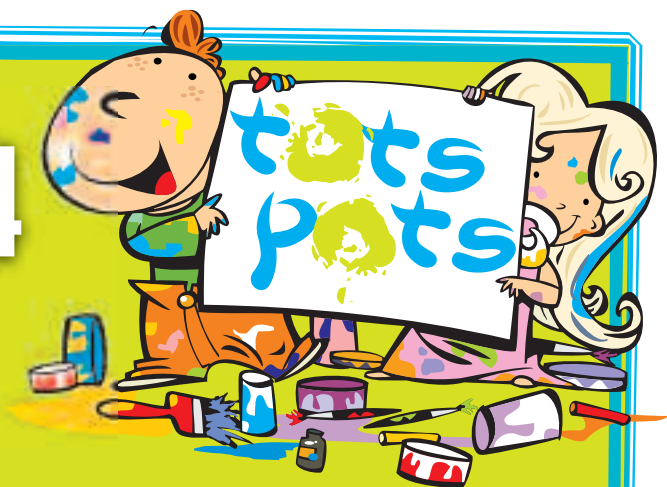

#### **• Stage 2**

Using all of the equipment supplied let the children's imagination run wild. Let them create their own masterpiece from the supplied non-toxic, non-staining paints. There is no need for artistic talent, just have a go and you will be amazed at what's created.

#### **• Stage 3**

Once you have finished painting, Tots Pots will collect all your pieces from your premises. Everything will be glazed and fired in Tots Pots kiln (adding the shine), before returning all masterpieces to you within 10 working days for the children to treasure and keep.
